ACTON CONTRACTING, LLC, APACHE JUNCTION, AZ

\$60,000 Contractor's Line of Credit

Acton Contracting, LLC specializes in constructing and servicing a full range of vehicle fleet management systems, including: fuel storage and dispensing, compressed air, and lubrication systems. The owner, Gene Acton, is an enrolled member of the Choctaw Nation of Oklahoma and has approximately 20 years of experience within the industry. Acton Contracting is 100% American Indian owned, and is licensed as both a plumbing and an electrical contractor within the State of Arizona.

Native Capital Access provided a \$60,000 loan facility structured as a line-of-credit "contract loan" on November 24, 2015. The loan provides working capital that will allow Acton Contracting to pursue larger contracts. Proceeds of the loan will be used to purchase materials to complete construction contracts.

This loan advances the economic self-sufficiency of American Indian families through support of an Indian owned business as well as employment of American Indian individuals during the contract period for projects on tribal lands. Tribal clients constitute one of Acton's primary markets. For more information on Acton Contracting, please visit <http://www.actoncontracting.com/>.

Our mission is to advance Tribal self-determination by working as a lender and as an honest broker for unlocking capital resources necessary to build Tribal economies.

Call or visit us online to learn how we can help you make your project a success!
